### *About Diana Elizabeth Jordan...*

Diana is a living example of resiliency. Her doctors worked on her for 45-minutes before she started breathing on her own. Diagnosed with cerebral palsy at age two, Diana grew-up determined to not allow adversity to stop her from pursuing her dream of being an actor. Diana’s passion for performance and expressive arts to encourage personal growth, professional development and as an agent social change, lead her to launch EduTainment Production Company “THE RAINBOW BUTTERFLY CAFÉ” in 2015. She has a repertoire of Keynote performances and addresses celebrating diversity, disability, intersectionality, resiliency, visioning and goal setting. ~ Diana Elizabeth Jordan
